

# Kill Proof\* Plant

\* resistant...

## Directions:

- 1 - Draw and color a plant (not optional)
- 2 - Cut around your plant.
- 3 - Tape a long pointy object to the back so it sticks out about 4 to 6 inches from the bottom of the plant.
- 4 - Jab into a pot filled with soil or sand or whatever..
- 5 - Take a pic of your kill proof plan in it's new home and
